
ERRATA

**Erratum: Dipolar sums in the primitive cubic lattices
[Phys. Rev. 99, 1128 (1955)]**

M. H. Cohen and F. Keffer

The factor ρ should not appear in Eq. (18), and factors a^{-2} should appear on the right-hand side of the expressions for α , β , and γ following Eq. (18'). With these corrections the expressions yield the numerical values which appear in Table III. We wish to thank Dr. Amnon Aharony and Dr. L. M. Holmes for pointing out these errors.

**Erratum: Attenuation and velocity of sound near the open-orbit resonances
in copper [Phys. Rev. B 9, 1240 (1974)]**

S. J. Chang and J. D. Gavenda
