This paper contains the following misprints:

(1) Page 5169, Eq. (7) should read

$$\vec{P} = - \left( \frac{\partial \tilde{F}}{\partial \vec{E}} \right)_{\vec{H}} .$$

(2) Page 5173, left-hand column:

(a) On line 9 from the bottom,  $\bar{Z}_a$  should read  $\bar{Z}_b$ .(b) On line 8 from the bottom,  $\bar{Z}_b$  should read  $\bar{Z}_a$ .(c) On the bottom line,  $[010]$  should read  $[110]$   
and  $[\bar{1}10]$  should read  $[1\bar{1}0]$ .
