**Erratum: Suppression of the superconducting gap and the spin-fluctuation gap of  $\text{YBa}_2\text{Cu}_3\text{O}_y$  ( $y = 7.0$  and  $6.76$ ) by Zn substitution as measured by  $\text{Gd}^{3+}$  electron-spin resonance****[Phys. Rev. B 50, 3442 (1994)]**

A. Jánossy, J. R. Cooper, L.-C. Brunel, and A. Carrington

[S0163-1829(97)01641-X]

The spectra of Fig. 2 were recorded with  $H$  in the  $(a, b)$  plane and not  $H \parallel c$  as erroneously stated in the figure caption. On p. 3443 the definition of the  $\text{Gd}^{3+}$  ESR Knight shift  $^{\text{Gd}}K = \delta H/H$  is unusual; in the NMR literature the Knight shift is defined as  $-\delta H/H$ . The authors are indebted to D. Shaltiel and C. Noble for bringing these points to our attention.

**Erratum: Metallic ferromagnetism in a single-band model: Effect of band filling and Coulomb interactions**  
**[Phys. Rev. B 54, 6364 (1996)]**

J. C. Amadon and J. E. Hirsch

[S0163-1829(97)00142-2]

In Eq. (5), the term  $(I_{\uparrow} + I_{\downarrow})$  multiplying  $\Delta t/t$  should be omitted. The analytic and numerical results in the paper that follow from Eq. (5) were obtained using the correct form and are thus unaffected.
