DOI: [10.1103/PhysRevB.77.139906](https://doi.org/10.1103/PhysRevB.77.139906) PACS number(s): 74.45.+c, 74.50.+r, 74.78.Fk, 85.25.Am, 99.10.Cd

The last sentence of the abstract: “A theoretical model is given that describes the effect in terms of nonlinear coupling of the two subjunctions due to the electric current controlled by the proximity effect in the N layer” should read: “A theoretical model is given that describes the effect in terms of nonlinear coupling of the two subjunctions due to the electric current controlled proximity effect in the N layer.”
