There is a misprint in Eq. (6). It should be $\psi_{\vec{k}\downarrow} = V^{-1/2} \begin{pmatrix} 0 \\ -1 \end{pmatrix} \exp(i\vec{k}\vec{r})$ instead of $\psi_{\vec{k}\downarrow} = V^{-1/2} \begin{pmatrix} 0 \\ -1 \\ a \end{pmatrix} \exp(i\vec{k}\vec{r})$.
