

Errata

**Erratum: Reduced nuclear amplitudes in quantum chromodynamics**  
**[Phys. Rev. C 28, 475 (1983)]**

Stanley J. Brodsky and John R. Hiller

The two-body phase space factor in Eq. (3.2) should read as follows:

$$\left. \frac{d\sigma}{d\Omega_{\text{c.m.}}} \right|_{\gamma d \rightarrow np} \sim \frac{1}{[s(s-m_d^2)]^{1/2}} F_p^2(\hat{t}_p) F_n^2(\hat{t}_n) \frac{1}{p^2} f^2(\theta_{\text{c.m.}}) \quad (3.2)$$

This correction gives minor quantitative changes in Figs. 3 and 4. The new Fig. 3 is shown below. The ordinates of Fig. 4 should be multiplied by  $\sqrt{2}$ . Because these changes are not qualitative in nature, the related discussion in the text is unchanged.

FIG. 3. Corrected figure.

**Erratum: Emission of particle unstable resonances from compound nuclei**  
**[Phys. Rev. C 29, 132 (1984)]**

M. A. Bernstein, W. A. Friedman, and W. G. Lynch

The valley along the line  $E_1 = E_2$  in Fig. 7 should not be there. It arose from a numerical interpolation error. The valley in Fig. 6 is correct.

Also, the factor  $\eta/(e^{2\pi\eta} - 1)$  in Eqs. (6b) and (12) should be replaced by its inverse. The correct form was used in the calculations.
