PACS number(s): 25.40.Ve, 13.75.-n, 25.55.-e, 99.10+g

In several places in our recent paper [1], the reaction was given incorrectly by referring to the target nucleus as  ${}^2\text{H}$  instead of  ${}^1\text{H}$ : In the title, in the abstract, in the text in the second column on p. 1616 (first and second sentences of Sec. III), in the captions of Figs. 4 and 5, and in the legend of Fig. 5 the correct reaction is  ${}^1\text{H}(p,p'\pi^+)n$ . The conclusions of the paper are not affected.
