The caption of Fig. 3 should be replaced by: “Evolution of the energy density (normalized to the critical density today  $\rho_{c,0}$ ) for radiation, matter and dark energy with an illustrative transition from  $+T$  to  $-T$  at redshift  $10^3$ .” while the figure legends should be  $\rho_r/\rho_{c,0}$ ,  $\rho_m/\rho_{c,0}$ ,  $\rho_{de}/\rho_{c,0}$ . This is only a typographical error and none of the results are affected.
