Erratum: Adiabatic waveforms for extreme mass-ratio inspirals via multivoice decomposition in time and frequency [Phys. Rev. D 103, 104014 (2021)]

Scott A. Hughes, Niels Warburton, Gaurav Khanna, Alvin J. K. Chua, and Michael L. Katz

Equation (B5) of this paper should read as

$$\mathcal{D}(r) \equiv 2M[Q + (L_z - aE)^2] - 2r[L_z^2 + Q + a^2(1 - E^2)] + 6Mr^2 - 4r^3(1 - E^2).$$

The term $a^2(1 - E^2)$ in the second square bracketed term on the right-hand side of this equation has the wrong sign in this paper.

Many thanks to Angelica Albertini for bringing this error to our attention. Fortunately, this equation is correctly implemented in the Gremlin code, so this error does not affect any of our results.
