Erratum

Erratum: Time-evolution problem in Regge calculus
[Phys. Rev. D 12, 385 (1975)]

Rafael Sorkin

On p. 391, column 1, first paragraph, the claimed equivalence is false: the two conditions are necessary but do not suffice. No subsequent conclusion is affected, however, because the manifold character of the net follows *a fortiori* from its homeomorphism to $S^3 \times R$, which is shown in the following paragraph.
