

Erratum

Erratum: Propagation properties and condensate formation of the confined Yang-Mills field [Phys. Rev. D 34, 3863 (1986)]

M. Stingl

Equation (4.13) contains a misprint; the right-hand side should read

$$\left[1 - 11 \left(\frac{g}{4\pi} \right)^2 N_\epsilon + O(g^4) \right] \left[X + W_n(\zeta', \eta') \left(\frac{g}{4\pi} \right)^2 N_\epsilon \right] .$$
