Errata

Erratum: Chiral-symmetry breaking in dual QCD
[Phys. Rev. D 38, 1926 (1988)]

M. Baker, J. S. Ball, and F. Zachariasen

There is an error of sign in proceeding from Eq. (4.3) to (4.4) and hence the approximation used produces no chiral-symmetry breakdown.

We would like to thank Dr. S. Kamizawa for pointing out this error.

Erratum: Massive Schwinger model and four-dimensional QED: The connection
[Phys. Rev. D 45, 682 (1992)]

M. P. Fry

The equation in the right-hand column on p. 683 should read

$$\ln \det_{\text{ren}}(1 - S_F \mathcal{A}) = \frac{V}{24\pi^2}(\mathbf{B}^2 + \mathbf{E}^2 - 3|\mathbf{E}\cdot\mathbf{B}|)\ln\left[\frac{(\mathbf{B}^2 + \mathbf{E}^2)^{1/2}}{m^2}\right] + O(F^2) \ .$$

Equation (14) should read

$$\int_{\lambda^2\|B\|^2}^{\infty} dM^2 \ln \det_3(\lambda\mathcal{A}, M^2) = \frac{\int d^2x \, B^4}{180\pi\|B\|^4} + O\left[\frac{1}{\lambda^2}\right] \ .$$

Add the following to Ref. [10]: D. H. Weingarten, Ann. Phys. (N.Y.) 126, 154 (1980).
