Erratum: Rare decays of the top quark in the standard and two-Higgs-doublet models
[Phys. Rev. D 44, 1473 (1991)]

G. Eilam, J. L. Hewett, and A. Soni
(Published 18 December 1998)

A spurious minus sign entered the numerical code in the evaluation of the branching fraction for $t \rightarrow cH$. A corrected and updated version of Fig. 3 is presented below. The corrected results also appear in Ref. [1]. All equations in the paper are unchanged.

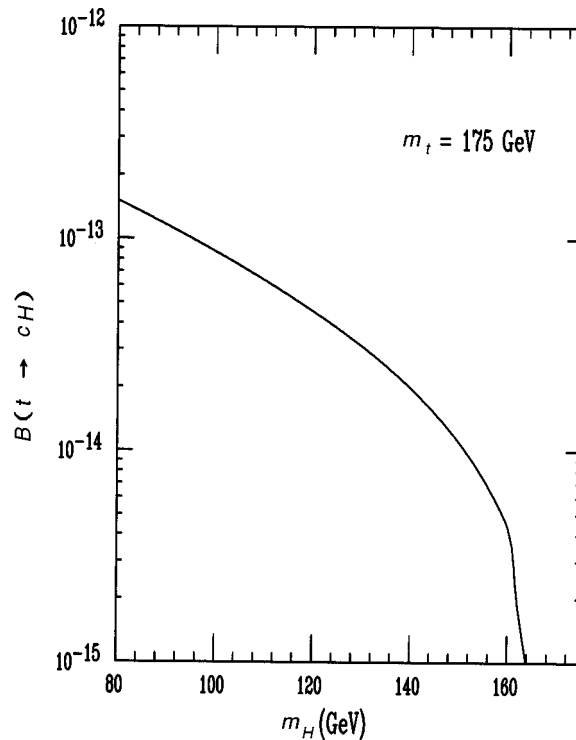

FIG. 3. Branching fraction for $t \rightarrow cH$ as a function of the Higgs boson mass for $m_t = 175$ GeV.
