Erratum: Homoclinic chaos in strongly dissipative strongly coupled complex dusty plasmas [Phys. Rev. E 103, 023205 (2021)]

Samiran Ghosh

In this paper there is an error in the expression of ε in Eq. (15). The expression should be read as $\varepsilon = 2.1 V_f k_\xi^{-1/3} v_0^{2/3}$. This error affects the numerical analysis part, and the system does not exhibit the homoclinic chaotic solution. The rest of the paper is not affected by this error.

I regret the error and thank A. Saha and S. Banerjee for pointing out this issue to me in the Comment [1].
