Owing to errors introduced during the production process, the following information on page 10 of the paper needs to be corrected.

(i) In the sentence that runs from the bottom of the left-hand column to the top of the right-hand column, the abbreviations SRO and SBO are associated with the wrong defining terms. The correct sentence should read: “Analyzing the stability of spatially uniform oscillations, we found a bifurcation of the symmetry-restoring oscillation (SRO), which leads to the onset of a symmetry-breaking oscillation (SBO).”

(ii) In the fourth line below Eq. (63), “Ornstein-Zarnike” should be “Ornstein-Zernike.”

(iii) In Ref. [16] the year of publication is incorrect. The reference should read: G. Korniss, C. J. White, P. A. Rikvold, and M. A. Novotny, Phys. Rev. E **63**, 016120 (2001).
