We have identified two misprints in the Appendix of the original paper. For the SBAB<sub>2</sub> integrator [cf. Eq. (A7)], the correct coefficient is

$$c_2 = \frac{1}{2}.$$

For the SABA<sub>2</sub>C integrator [cf. Eq. (A8)], the correct coefficient is

$$g = (2 - \sqrt{3})/24.$$

We note that the rest of the paper is not affected by these corrections.

We thank U. Naether and A. Martinez for pointing that out to us.
