This paper was published online on 9 April 2013 with errors in the text on page 3, and in the caption to Table II. On page 3, left-hand column, the fifth line of the second paragraph should read as “ $\tau_b$  is the possible bunch spacing, i.e.,  $I = 83$  mA for 12 ns. . .”. The last line of the caption to Table II should read as “cases is 83 mA, limited by the 12 ns bunch spacing.” The paper has been corrected as of 11 April 2013. The text is correct in the printed version of the journal.
