

**Erratum: Spin-to-Orbital Angular Momentum Mapping of Polychromatic Light  
[Phys. Rev. Lett. 120, 213903 (2018)]**

Mushegh Rafayelyan and Etienne Brasselet

(Received 21 June 2018; published 11 July 2018)

DOI: [10.1103/PhysRevLett.121.029901](https://doi.org/10.1103/PhysRevLett.121.029901)

An incorrect note appears in this Letter, in the first sentence of the second to last paragraph. Namely, “(except for  $q = 1/2$ )” should be deleted. Indeed, the discussed dispersion of the output state on the high-order Poincaré sphere actually applies to all values of  $q$ . Note that the proposed options to alleviate the latter dispersion are valid independent of the value of  $q$ .
