
 ERRATUM

ABSENCE OF FERROMAGNETISM OR ANTI-FERROMAGNETISM IN ONE- OR TWO-DIMENSIONAL ISOTROPIC HEISENBERG MODELS.

N. D. Mermin and H. Wagner [Phys. Rev. Letters 17, 1133 (1966)].

The following typographical errors should be noted:

Equation (2), left-hand side should be $|s_z|$ (instead of $|s_z| h$).

Equation (8), first line, s_z should be s_z^2 .

Equation (8), first line, following the summation should be $[J(\vec{k}') - J(\vec{k}' - \vec{k})]$ (instead of $[J(\vec{k}) - J(\vec{k}' - \vec{k})]$).

Equation (9), first line, $S_z(-\vec{k}')S_z(\vec{k})$ should be $S_z(-\vec{k}')S_z(\vec{k}')$.

Equation (9), second and third lines, both left braces (\langle) should be less-than signs ($<$).

Twelfth line from the bottom of p. 1135, left column, the summation should be over \vec{R} , not \vec{k} .

Equation (14), the argument of \tan^{-1} should be $[\omega/|hs_z|]^{1/2}$ (instead of $[\omega/|hs_z|]^{-1/2}$).
