
ERRATA

MEASUREMENT OF THE SPIN-SPIN CORRELATION PARAMETER C_{SS} in pp ELASTIC SCATTERING AT 6 GeV/ c . I. P. Auer, D. Hill, R. C. Miller, K. Nield, B. Sandler, Y. Watanabe, A. Yokosawa, A. Beretvas, D. Miller, and C. Wilson. [Phys. Rev. Lett. 37, 1727 (1976)].

On page 1729, column 2, the thirteenth line from the top, the sentence should read, "Since our measurements contain a small component of C_{SL} (see Ref. 6), the final value of C_{SS} will be determined when the observable C_{SL} is measured."

On page 1730, column 1, the twelfth line from the bottom, the sentence should read, "During the same running period, we also measured parameters $D_{SS} = (0, S; 0, S)$ and $H_{NSS} = (N, S; 0, S)$ by analyzing the spin of the recoil protons."

The following reference numbers in the text appear incorrectly:

On page 1728, under Table I, the notation should read: ^aSee Ref. 4.

On page 1729, column 2, the last sentence should read, "... to be less than 0.1.⁹"

On page 1730, column 1, line 11 from the top, should read, "... scattering process.¹⁰"

STUDY OF DENSITY FLUCTUATIONS IN THE ADIABATIC TOROIDAL COMPRESSOR TOKAMAK USING CO₂ LASER SCATTERING. C. M. Surko and R. E. Slusher [Phys. Rev. Lett. 37, 1747 (1976)].

In the process of printing, the work "Scattering" was placed in the wrong order in the title. The correct title is shown above.
