
ERRATA

Inclusive Pion Double Charge Exchange in ^{16}O and ^{40}Ca . S. A. WOOD, J. L. MATTHEWS, G. A. REBKA, JR., P. A. M. GRAM, H. J. ZIOCK, and D. A. CLARK [Phys. Rev. Lett. **54**, 635 (1985)].

On page 635, first column, second paragraph, lines 13 and 14 should read, "the outgoing pion energy spectrum in inelastic scattering. . . ."

On page 635, second column, second full paragraph, line 2 should read, ". . . observation of *DCX*. . ." and line 11 should read, "The reaction. . . ."

On page 637, second column, first full paragraph, line 7 should read, ". . . up to 220 MeV."

Dissipative Quantum Tunneling in a Biased Double-Well System at Finite Temperatures. MATTHEW P. A. FISHER and ALAN T. DORSEY [Phys. Rev. Lett. **54**, 1609 (1985)].

On p. 1609, Eq. (2), replace $(\delta\omega - \omega_\alpha)$ by $\delta(\omega - \omega_\alpha)$.

On p. 1610, Eq. (4), and on p. 1611, Eq. (11), the lower limits on all of the integrals should be zero. Also, in Eq. (11), $d\tau_{2n-1}$ should read $d\tau_{2n}$.

On p. 1611, Eq. (14), replace $\beta\omega_0$ by $\beta\omega_c$ in the upper limit of integration.

On p. 1612, line 1, "For larger α . . ." should read, "For large α"

On p. 1612, Ref. 9, the correct reference is S. Chakravarty and A. J. Leggett, Phys. Rev. Lett. **52**, 5 (1984).

Polarization Correlation of the Two Photons Emitted by Metastable Atomic Deuterium: A Test of Bell's Inequality. W. PERRIE, A. J. DUNCAN, H. J. BEYER, and H. KLEINPOPPEN [Phys. Rev. Lett. **54**, 1790 (1985)].

We correct two minor typographical errors:

(1) On page 1791, in the caption to Fig. 2, the second-last sentence should read, "Singles rate with metastables present (quenched) is about $1.15 \times 10^4 \text{ s}^{-1}$ ($0.85 \times 10^4 \text{ s}^{-1}$)."

(2) On page 1792, line 5 should read, "ground gas at a typical pressure of 2×10^{-7} Torr, and. . . ."
