**Ion-Beam-Induced Surface Instability of Glassy Fe<sub>40</sub>Ni<sub>40</sub>B<sub>20</sub>**  
**[Phys. Rev. Lett. 74, 2256 (1995)]**

A. Gutzmann, S. Klaumünzer, and P. Meier

The last displayed equation should read as follows:

$$\Delta x = v_x t = 6\Phi t \sin\theta \cos\theta \int_{-R_p^* \cos\theta}^0 A_0(z) dz \approx 3\Phi t R_p^* A_0(z=0) \sin\theta \cos^2\theta.$$
