The subscripts to u (i and a) in Eqs. (3) and (4) should be interchanged. The corrected equations are below:

$$\frac{d}{dt}(\rho_i + \rho_e) + \frac{(\rho_i + \rho_e)}{r} \frac{\partial}{\partial r}(ru_i) = (S_a - S_i), \quad (3)$$

$$\frac{d}{dt}(\rho_a) + \frac{\rho_a}{r} \frac{\partial}{\partial r}(ru_a) = -(S_a - S_i). \quad (4)$$
