

**Erratum: Anomalous Spreading of Power-Law Quantum Wave Packets**  
**[Phys. Rev. Lett. 84, 1061 (2000)]**

Fabrizio Lillo and Rosario N. Mantegna

The sentence “For such a wave packet, the maximum decreases as  $1/\sqrt{t}$ ” on page 1063 of our manuscript is incorrect. The correct sentence is “For such a wave packet, the maximum decreases as  $\ln(t)/\sqrt{t}$ .” This result was obtained in [1].

We wish to thank R. S. Mendes and C. Anteneodo for pointing out this error and for addressing us to the independent work on asymptotic decay of the maximum of a family of wave functions [1,2].
