We would like to report two errors in our Letter. First, in Fig. 1, the values of  $n$  are not 10, 20, and 50 but 2, 4, and 10. Second, in the figure caption, the equation is not  $(\sqrt{2}d_{\text{Ce-Ce}})(n/4)^{1/3}$  but  $(\sqrt{2}d_{\text{Ce-Ce}})(n/2)^{1/3}$ . These corrections do not affect the conclusions of the paper.
