Erratum: Classification Scheme for Phenomenological Universalities in Growth Problems in Physics and Other Sciences [Phys. Rev. Lett. 96, 188701 (2006)]

P. Castorina, P. P. Delsanto, and C. Guiot

In Ref. [1] the power in Eqs. (10) and (11) should be $1/b$ instead of $1/p$; the solution of Eq. (9) is therefore

$$y = [1 + b - b\exp(-\tau)]^{1/b}$$

and Eq. (11) becomes

$$M = \lim_{\tau\to\infty} m(\tau) = (1 + b)^{1/b}.$$

There is no effect on the results obtained in Ref. [1].
