Erratum: Riemannian geometry in thermodynamic fluctuation theory [Rev. Mod. Phys. 67, 605 (1995)]

George Ruppeiner

On page 607, Table I should have $F = (1/T, -\mu^1/T, -\mu^2/T, \ldots, -\mu^r/T)$ and $F_e = (1/T, -\mu^1/T, \ldots, p/T, \ldots, -\mu^r/T)$. On page 632, the third term on the right-hand side of Eq. (4.42) should read

$$-\Gamma^\mu_{\ \gamma\delta}\, \Gamma'^\alpha_{\ \nu\xi}\, \frac{\partial x'^\nu}{\partial x^\mu}\, \frac{\partial X'^\xi}{\partial X^\beta}.$$
